## Comments about [cLOUDDEAD](#) - cLOUDDEAD

Modigas

Yeah this is a real gem vinyl release. Perfect pressing & such erie beats to go along with great rhymes. 5/5

No reviews?! This compilation is essential for both the likes of obscure hip-hop and ambient or sample-based music. These 10" were so genre-bending. Mush did an excellent job of the pressing as well. My copy has no noise whatsoever.
