Comments about **Prrr / ALL CAPS** - Eva808

Ueledavi

absolutely abysmal refixes why is this so sought after? mf doom would not be a fan of such an awful edit. all hype.

Weernis

All Caps is a Madlib beat. This refix of it is absolute fire (I'm not feeling Prrr as much). And you are a wasteman. If you don't like it, put out your own record

mIni-Like

You don't get it man, and that's okay. Calm down.

Ynonno

Cry me a river - the all caps refix sucks but prrr is a hammer. Also - looking at your comment history, all you do is slag people and records off...if you don't like it then just fuck off.

Jogrnd

There was 8/9 copies for sale before they found the box !#@%

Hidden Winter

deejay.de restocked a few copies of this gem. be quick!

Adrietius

ALL CAPS is great but holy fuck does PRRR light up a party. PRRR sits comfortably within dubstep flavours but also 808-rinsed club bangers. Dirty, deep, and accessible. One of the best crossover tunes since Midnight Request Line in my humble and probably wrong opinion.

Uafrraine

ALL CAPS makes we want to go back and listen to madvillainy - don't think the sample is used well here. PRRR on the other hand is just PRRRfection.

Wild Python

Did anyone else have their copy arrive a bit warped?

Endieyab

Yes Its not unplayable but definitely noticeable. Goes I'll be spinning this one digital :(

Kulafyn

Mine sat around for a month after shipping, no warping at all

Cointrius

the quality control seemed to be terrible on this one mine was barely playable

Mavegar

Yeah unfortunately mine was pretty warped which is pretty annoying.

Ka

yeh, but plays fine!(Ten word limit or something like that)

greatest

All preorders sold out already ? (emoji sad soundbwoy)

Nalaylewe

yeah thats true. like the no dread repress. but there never was a repress.

Zargelynd

Thanks bro, but most of the time Deejay.de makes you believe that they will have some copies but it ends up dry

Moronydit

Try to preorder at deejay.de. Unearthed and Redeyerecords are sold out already. Good Luck!

Freighton

Maybe my favorite release of 2017 as both tunes are ridiculously good. Now i just have to wait to see 2cl pressed in wax. Underground music at its best.

Tetaian

I was hoping that was going to be the flip side!
